Griggspport	D-4	Westally	D-5, 6ish
Gunnerstowe	C-7	Windstone	A-4
Gurryton	E-6	Zork	A-7
Hallowhead	B-7		

The board has convenient, if not quite regular, coordinate labels on the sides. Use this handy index to find the site you're after.

The names of sites only appear in the info bar at the bottom of the screen when you mouse over them.

**Tool tips** in the production window will give the coordinates of the sites involved with the title, office, druid, or ship.
